# Induction Template for General Practice Nurses

## The New Induction Template for General Practice Nurses

“NHS England, in collaboration with The QNI, has launched a new Induction Template for General Practice Nursing as part of the delivery on Action Four of the General Practice Nursing Ten Point Plan. (May 2019)”

The aim of the Induction Template is to enable:

- | employers to ensure that nurses who are new to General Practice are well-supported (pg. 37) and provides guidance on employment
- | nurses who have moved for example into general practice from the hospital environment or community to use the document as part of their induction and orientation programme (pg. 32)
- | all nurses to use the template to update their knowledge (pg. 13)
- | those nurses such as nursing associate, health care assistants and students with additional information when preparing for a placement in general practice

It is anticipated that the template will also be useful to those nurses who may have been working in primary care for some time, but who would like to update their knowledge.

“The document is hosted on the [GPN Single Point](#) website. Click [here](#) to view the document (you will need to request access via [england.gpnsinglep@nhs.net](mailto:england.gpnsinglep@nhs.net)).

The document can also be viewed on the QNI's website or by clicking this image.

The Induction Template will also be publicly hosted on a new General Practice Nursing education website.”
