

Salaried GP – 6 Sessions per Week

Watership Down Health, Hampshire

A fantastic opportunity has arisen for a dedicated and enthusiastic Salaried GP to join our dynamic and supportive team at Watership Down Health. We are a large, friendly, and forward-thinking GP training and teaching practice, committed to delivering high-quality, patient-centred care to a diverse population of over 19,000 patients.

Why Join Watership Down Health?

- Based across three rural/semi-rural sites in the beautiful Hampshire countryside
 - Inclusive multi-disciplinary team including 18 GPs, ANPs, practice nurses, HCAs, social prescribers, mental health practitioners, physiotherapists, health and wellbeing advisors and a dedicated pharmacy team
 - Training and teaching practice with regular involvement in GP registrar training and medical student teaching
 - Named GP model to support continuity of care
 - Well-structured triage system
 - Part dispensing
 - Regular clinical meetings, case discussions, and guest speaker sessions
 - Rated “Good” by the CQC, with a strong focus on innovation and continuous improvement
-

Your Role

We are seeking a GP to work 6 sessions per week, providing high-quality clinical care working collaboratively with colleagues across the Practice.

Key Responsibilities:

- Managing a diverse patient caseload across all age groups
 - Face-to-face, video and telephone consultations
 - Contributing to our named GP continuity model
 - Issuing and signing repeat prescriptions
 - Clinical triage and participation in the duty GP rota
 - Occasional home visits for housebound frail elderly and palliative patients
 - Participating in clinical meetings and quality improvement work
 - Supporting the teaching and supervision of medical students and GP trainees
-

Part of Rural West PCN

We work with our neighbouring practice, Tadley Medical Centre, to form the Rural West Primary Care Network (PCN). Together, we share and benefit from an extended team of professionals including:

- MSK Practitioners
- Clinical Pharmacists and Pharmacy Technicians
- Social Prescribers
- Mental Health Practitioners

- Health and Wellbeing Advisors
- Care Coordinators

This wider team enables us to provide more holistic, accessible care for our community and strong support for our GPs.

What We Are Looking For

- GMC-registered General Practitioner with a passion for primary care
- Strong commitment to teamwork and holistic patient care
- Excellent communication and clinical skills
- Enthusiasm for working in a training and teaching environment
- Willingness to contribute to ongoing service development and team learning

We Pride Ourselves On

- Great teamwork
- A welcoming and positive environment
- A strong focus on excellent patient-centred care
- Supporting the wellbeing and development of every team member
